ALL OF THE FIP MEMBERS

11 November 2024
KPF /132 / 24

Dear Sirs,

Further to the previous email on the reconfirmation request of the commissioners and jurors, I send you the exhibit application form and literature information form of Philakorea 2025, together with the IREX which FIP finally approved. For the federation of each FIP member country, this is the second email-letter on the same subject sent out last Friday.

As you are aware, the preparation Philakorea 2025 has shown lots of irritating moments before and after the Korean Night in Bangkok last year. However, we organized a completely new staff members and are now making every effort to catch up with the delayed procedures. I would be grateful, if you could fill in the forms and send them back until 31st January in 2025. The deadline of the literature information form is also 31th January, but the literature is supposed to be delivered to the Philatelic Federation of Korea(KPF) until 1st July in 2025 for the prior inspection.

Actually I sent out the email letter with IREX and the exhibit application form to each federation first, not commissioners, last week. Shortly later I found a small, but not serious mistake of the text and herewith send you the renewed IREX text and the exhibit application form together with a summary exhibit form in addition.

I made those changed parts of the IREX outstanding with red color markings. Please see the Article 3.3. in which "e" has been deleted.

Furthermore, I noticed that some receivers of my previous email could not easily read the texts of the IREX because the texts were too squeezed. I would be grateful if you could report to me about that phenomenon. Then I will send another version to you immediately.

I send this email letter also to all the proposed juror candidates which are not confirmed for the final selection, so that more possible participants could get awareness more or less about Philakorea 2025.

Taking this opportunity, I would like to convey my sincere apology and appreciation to all of you for the unbelievable patience and generosity. And my special thanks go to the federation of Peoples' Republic of China which generously decided to host the general congress of FIP in upcoming December on the occasion of China 2024 FIAP exhibition. The general congress should have been held in 2024 by our hands with the title of Philakorea 2024. Of course, I harassed in this matter inevitably all the members of FIP, first of all including Mr. Prakob, the President of FIP, Mr. Tan, the commissioner general of FIP and Mrs. Ong, the secretary general of FIP. I owe you so much. I never forget your committed professionalism and friendship.

Best regards,
Jin Hur
